FALCORELAX

The FalcoRelax family of seating has real design character and depth. The blend of gentle curves from the legs up across the seat and back of the chair create a very harmonious design feel – and a very relaxing seat! All the products in the range are manufactured from robust steel plate, hot dip galvanised to BS EN ISO 1461.

Part code 31.502.021

The seating is made from FSC hardwood slats.

The steelwork can be optionally polyester powder coated in any of the 192 colours of the RAL register.

1 FALCORELAX BENCH

A very compact, neat and inviting bench design with beautiful lines. A standard element is 2,080mm overall, with a sit height of 584mm and a width of 569mm, however a middle support can be added as required.

2 FALCORELAX SEAT

The FalcoRelax is probably one of the most relaxing seats for outdoor use.

The 'warm to touch' wood and contoured backrest make the seat a joy to rest in. A standard element with two supports is 2,081mm overall width, height 938mm, sit height 680mm, depth 721mm. Also available with a third middle support.

Part code 31.500.021
